Cook and Craft Your Way Around the World

Visit our blog for new recipes and crafts inspired by a different country each week. We're kicking off the first week with the ole USA before making our way over to Japan, Italy, Mexico, and Egypt. Participate as little or as often as you like. Since you can visit our blog at any time, you can "travel" at your own pace! <http://food.innerchildfun.com>

Share Your Experience

If you're on Instagram, we'll be using hashtag #KidsCulinaryPassport and you're also welcome to upload photos to our [Inner Child Food Facebook Page](#). We would LOVE to see photos of your kids' creations as they cook and/or craft around the world with us, and may feature a collage of images on the blog from time to time! Have fun!!
