

Leprechaun Treasure Hunt

My mom had the Winter blues,
so she booked herself a nice cruise.
There was an exercise track,
and she checked in her pack,
but she forgot to bring **running shoes!**

The puppy was hungry for more,
after spilling his food on the floor.
He begged for mine
which is certainly not fine!
So I sent him out the **front door!**

The bookshelf was starting to slant,
and the librarian started to rant.
The custodian was called,
and she was quite appalled,
when he propped it up with a **plant!**

My goofy third cousin named Mabel,
she ripped off her mattress label!
I was so scared
'cause that can't be repaired!
So I hid under the **kitchen table!**
